Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Sunday 26 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
A dry evening, with rain throughout the night, clearing tomorrow.

This Evening and Tonight:
A dry start to the evening for most, turning wetter as clouds thicken from the west, bringing heavy rain that persists throughout the night for all, in addition to some strong winds. Minimum temperature 9 deg C (48 deg F).

Monday:
Heavy rain will clear eastwards during the morning, leading to a brighter and drier day, however some occasionally heavy scattered showers linger across the region through the afternoon. Feeling cooler. Maximum temperature 15 deg C (59 deg F).

Outlook for Tuesday to Thursday:
Unsettled weather ahead with a mostly wet Tuesday for all, turning drier and brighter on Wednesday before further, potentially heavy, showers arrive on Thursday. Cooler throughout.
